4. The Committee verified the Expenditure Statement based on the 20 Major heads namely Salaries and allowances including PF (Teaching, Non-Teaching and Administration), Welfare Expenses, Electricity Charges, Telephone, Postage & Internet, Equipment Purchase, Books & Periodicals, Printing & Stationary, Consumable, Research and Development, University affiliation fees and Inspection Charges, Sports, Games, Meetings and Functions, Awards, Merit Scholarship, Travelling and Conveyance, Repairs and Maintenance, Depreciation, Advertisement and Miscellaneous Expenditure.
5. The Committee in its meeting held on 24.05.2017 verified the proposals submitted by the Dental Colleges, further the Committee authorized

Thiru. V. Jagadisan, Member and Chartered Accountant to verify the details of expenditure submitted by all the colleges and to prepare the consolidated expenditure statement. A detailed consolidated report was analyzed by the Committee.

6. It was found that as far as Salary is concerned, all the institutions are claiming salary to teaching staff non- teaching staff for UG and PG and also in aggregate without separating the amount related to provide BDS education to the Students.
7. As far as administrative and other expenditures are concerned, it is seen that the institutions are claiming amounts in aggregate and not furnished the cost related to the students. Hence committee felt the need to fix a notional figure as being sufficient for each institution in fixing the fee per Student.
8. In respect of all dental colleges, the decision of the Committee is to disregard claim of depreciation as eligible cost as depreciation is not a cash outgo. Further, as a result of dispute raised for set off of depreciation in computing taxable income of charitable trust the provision of section 11 of Income Tax Act, 1961 has mandated that the amount of depreciation is not to be set off in computing taxable income. The claim of depreciation is not a cash out flow and further under section 11 of Income Tax Act as recently amended the amount of depreciation is not considering in determining the taxable income of the any charitable Institution for application towards charitable purposes (See sub section 6 of section in 11 of Income Tax Act amended by the finance (2) Act of 2014 with effect from 01.04.2015.
9. The Committee made a detailed analysis and it was found that the various expenditure claimed by the Institution under the different heads and they were found to be some extent inflated and exorbitant and had no relevance to actual expenditure.
10. The Committee is of the view that the expenditure towards Salary and other expenditure are not supported by proper evidence. Hence, the Committee

decided to give opportunity to all the Dental colleges offering U.G Dental Courses to appear in person before the committee. Vide ref 3.
